

I-9 Management

Automate I-9 Management and Increase Compliance With User-Friendly Electronic Forms

How it works

Accessible, Safe and Easy

Manage multiple locations and users (on-site or remote) from one account with secure sharing of information throughout your organization to retrieve documents, track reverifications and update fields.

User Friendly

Our software guides users with tips, error-checking functions, embedded electronic validations and signature links, and our "Awaiting SSN Routine" allows for form completion while awaiting an Employee SSN.

Specialist Support

Receive I-9 User support from a specialized team, including proactive training, education and assistance managing FAN, translating into better efficiency and compliant outcomes.

Minimize Costly Fines

Automatic validation encompasses Section 1 and 2, warning of any missing data or issues.
